Thread: [\[H\] BTC and ETH \(Small amount in binance\)](#) [\[W\] BTC to cold wallet](#)

Donace - February 10, 2022, 12:15 am

I got \$13 in BTC and \$9 in eth on binance. I need to withdraw it to my cold wallet all in BTC. I don't pass binance minimum withdrawal fee so this trade is only for binance users.

Total amount I got: \$22

Total amount I ask in return \$12

Was just about to comment this. I used to do this on other exchanges when I had some dust on them.

I did the swap, I'll offer \$13 of LTC and you'll send me \$8 of BTC. Start a contract. I couldn't swap the ETH thou, I have enlugh for the minimum swap amount.
