Thread: [League of Legends Riot Account \(employee accounts\) \(all skins\)](#)

Recon72 - February 11, 2022, 5:22 pm

Got this in a trade, comes with unverified email so you can change the email. No access to OGE but it's not necessary anyway as you can change the email.

It's an employee account, has 100k~ riot points and all current available skins. (Including PAX TF, black Ali, etc)

It's on the OCE server but can be transferred without problem. Account hasn't had a game in over a year.

Middleman is welcome.

Crypto only (BTC or ETH)

BIN: \$350

[contract=tid]Start Contract[/contract]

THE NAME ISNT A RIOT NAME (ex. Riot Mike), DESPITE IT IN FACT BEING AN EMPLOYEE ACCOUNT, IF THAT DETERS YOU FOR SOME REASON THERE YA GO.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Damn that's sick. I just got perm banned on league and lost all my skins so this would be nice but I can't afford that much right now. Good luck with sales bro
