Thread: [ViralityStore \(SMM Panel\) Semi-scamming](#)

Joel - February 11, 2022, 7:49 pm

Just a heads up. The owner is actively aware of services with 100% drop-rate and using it to siphon money from his users. Not really a scam per-say (Why I'm not making a scam report) but just letting you know that hes doing this and to just avoid his YouTube Subscriber services altogether. He knows they have 100% drop rate and still sells them.

He doesn't care if its screwing you or whoever your own customers are. He's just looking out for himself. Man wouldn't even refund \$2 to my credit. (I already had to refund my customer too.)

I know the service said "don't complain about drops", I wouldn't if it just dropped like 90-95% of the subs due to how cheap it is. But its currently dropping 100% of the subscribers sent out. So you're getting scammed, you're paying for literally nothing.

His YouTube view services has been great so far, not sure why hes taking the scam route on subs. And I know these SMM panels are basically just Pyramid Schemes reselling from another person reselling from another reselling from another. But you still decide what you offer on your own panel.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
