Thread: [KEYLOGGER HELP](#)

damian1236543000000000000 - February 14, 2022, 7:46 pm

Hi I am. Once upon a time I used the Rin Recorder. Will someone provide a link? and maybe something better "RIN LOGER": D

I would like to come back here cool forum. My wife is cheating on me. HELP

Security Is 1776 - February 15, 2022, 1:24 pm

Hello and welcome to the forum! I believe there may be better ways to do that for a phone rather than a computer to capture keystrokes since she's probably texting him rather than emailing. If you do need to install one you can always scroll through the forum in the free section for one such as this:

<https://hackforums.net/showthread.php?tid=6047964>

Or go to the paid section where there are some really nicely developed programs. Please let me know if you have any questions.

Im sure there are better ones out. Its cheap for a premium.

bogdanek - February 18, 2022, 4:26 pm

yo man, plis i have to know how to keylogger! contact dm pls

damiankowalski - March 13, 2022, 6:37 am

Hello.

i need a keylogger, cheap, please. Greetings :)
