Thread: [LOGO: Car Wash Brand](#)

workpres - February 16, 2022, 3:07 am

I have an app that allows car servicers to book customers, handle payments and control their workflow.

I need a simple logo for our app and our socials.

I happy for a designer to pretty much freestyle it, I just have a few requirements.

Please message me with your portfolio AND your prices.

If you dont include prices I will not respond.

I will pay a fee if ready today.
