still have this, nobody play CSGO anymore?

xatt - February 23, 2022, 7:27 pm

I play it but the prices have been ridiculous now that the chinese have hoarded high end items and price manipulate. How much are you looking for it?

We talked briefly about this skin yesterday and I never made an offer. I will offer \$700 cash app on the 0.02 if you're interested. If not then no worries. Good luck selling these two.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
