FAQ

Q. Are there any investments required?

A. Yes, there is. You can start small, and chances of failure are low, 100 dollars should be enough.

Q. Can it get saturated?

A. No it will not. To my understanding this niche is impossible to saturate. There will always be demand, & very few are working on this to make profit. I have only seen a handful of people on here mention something like this. Not enough people are catering to this for it to be saturated.

Q. What is the time needed to execute the method and see money?

A. Set up time is around 30-45 minutes. You should probably give everything a polish before executing. Once it's up and running it should only take 10min per day to see consistent profit. You don't need to build up anything, so once you buy you can get going right away.

Q. Can this be done absolutely anywhere in the world?

A. This method will work anywhere in the world, however you are going to need a United States or Canadian ID that is 18+. There is progress being made for global integration but it is not there yet.

Q. How much money can be made?

A. In theory you can make as much as you want. I would say aim for about \$500 a week to start. Once you can get that going steady you can start to scale. Putting money back into the method can always help generate income as well.

Q. How long does it take after purchasing to receive the eBook?

A. Right now you can message me and I will be online to do the transfer. PM me to start a contract. I am working on getting a site up so that I can get it to you instantly.

Q. Does this have anything to do with dropshipping, Shopify or anything related?

A. Nope, it does NOT, you won't even need your own site!

Let me know if you guys have any questions. PM me about the first couple copies + vouch copies.

I'll take VC on this if I'm eligible?

I am willing to invest and spend the time on the method!

My mistake I don't live in USA or Canada,

raregod - February 19, 2022, 3:20 am

can you show earnings proof

zc0z - February 19, 2022, 3:30 am

Man not this shit again. Why are people selling the same method over and over and then claiming "it's not going to be saturated, I've used it for years" and haven't used it at all, just trying to sell it for a few bucks in hopes they'll make some money rather than doing the work required for the method.

I have a big hunch of what this method is, and no, you WILL NOT earn money as soon as you get the method, in fact, it will take you around a month to get some money out of it. If this method involves envelopes, I 100% know what it is. Don't fall for a "get rich quick" thread about eBooks.

I second this, I am already knowing what this is lol. Whoever gets the VC and if it contains anything about mailing anything, he's just trying to make a quick buck.

It's sad because the method works, and will continue to work, but people are getting roped into it being "quick" money when it's not. If it is the same method, it will take a month to get some earnings, and sometimes there's delays. You cannot do this if you're not in the US or Canada, no way around it. You WILL need ID. There are also nuances to the method that's not publicly known.

Stop buying ebooks for \$50 when the seller has never done the method.

OP is also similar to Vichenzo, a notorious broke multi who claims crazy ebook methods and scams naive new members.

Also DO NOT buy this ebook. Seller claims he's made money from it but bought the method 2 weeks ago from Beaks. So it's probably his multi as there's no reason to say you've been using a method for years when you haven't even used it for a month. It's tragic.

Edit: Taking this down for now as it doesn't seem to be related. Very suspicious however.

Thank you

I can now bypass this thread

I'm a new member myself but so far it seems like that there aren't good money methods on HF

Hey, just trying to sell an ebook that a wrote. It's a method i've used before. You're not going to GET RICH QUICK, but you can make some solid income. This is my main HF account. I even show my face on here. Cmon stop hating & take the vouch copy. I can sell another ebook if you don't like this one.

Beak sold me a method. I am not reselling that method, I created my own. Did anyone read my OG stuff I wrote ^^?

Pikzul - February 19, 2022, 12:36 pm

I'll give you a good review / honest feedback and try a vouch copy. (Will also put max effort into the method as well)

Sent you a PM, just awaiting an answer from you

zc0z - February 19, 2022, 1:51 pm

If you're claiming it's not the same method and you're willing to give an actual vouch copy of that, I'll take it.

I'm also not a vouch copy beggar like the majority of this forum; I'll review it properly. Let me know.

Basilisk - February 19, 2022, 1:59 pm

Would love to provide an unbiased honest review. Hit me up for vouch copy

Koyote - February 20, 2022, 5:28 am

Interested to see/read more about this. I'm curious but can't tell enough to make a decision yet, so will await some reviews or a vouch copy if I'm eligible. Definitely seems interesting though, all the

previous drama aside!
