Many sites to advertise to are listed in the guide and also other methods which would definitely get you more members!

Does what it says :)

As someone that is just starting out in the discord server, I would love to receive a copy and

implement the methods in my server which has less than 10 people. Let me know if I can get a vouch copy.

SIM-2502833 - February 21, 2022, 4:19 pm

Won't even consider purchasing this until someone can post proof of server growth

exhaust - February 21, 2022, 4:36 pm

down to leave a whole dictionary long vouch copy review if you still have anymore left

No vouches left anymore! If anyone has questions, hit me up.

DeJaVu - February 22, 2022, 4:11 pm

4 vouch copies given away and not a single reply of proof, just basic "thank you" quick style reviews.

Hi [Herion](#) I just made a friendly League of Legends Discord server and would love to learn how to promote it. :)

1invest - March 13, 2022, 9:58 pm

Purchased the eBook and I'm not disappointed. Easy to read and great read, about 20 pages total.

The eBook runs you through Server Design, Moderation, Advertising and More.

I already knew a handful of things about discord and the eBook taught me a lot more than I thought I knew!

Herion - April 1, 2022, 7:23 am

I am glad you liked it! Let me know if you have any questions.

I am online and taking orders :)

Certainly, the guide is specifically catered to people with limited knowledge on Discord.

How much do you think is possible to grow your server in a week using your e-book?

Just purchased this e-book and will review it once I'm done with reading and applying it.

I'll give you 500 bytes for a copy.

Cooligan - May 7, 2022, 9:06 pm

Are you giving out anymore vouch copies by any chance? I would love to make a review on this, have been into Discord marketing for years now.

Let me know [Herion](#) <3

EnG1ne - May 15, 2022, 10:16 am

So the guide is very basic and can be pretty useful for someone just starting out on Discord.

However, for someone who has had experience running Discord Servers, it's not very useful.

Worth the low price though.

uTrip - May 20, 2022, 4:32 pm

OK so the price is \$5. All the information he provides can be found with 1-2 google searches and on youtube. I dont want to expose the "eBook". Its definitely a Beginners' guide to getting started and if

you are looking to pay for free info, then you might as well give your money to this guy.

Im not fully trashing it however. It does include some useful links and resources. However the is no real "Secret" Method as you might expect from a eBook. Its just common sense and knowledge.

My Verdict:

IF you are new to discord and \$5 is burning a whole in your pocket, I think you'll like what this eBook offers.

HOWEVER IF you have the ability to use google and willing to spend 5-10 minutes everything mentioned in the eBook i suggest you do that.

The only real "Method" provided is pretty much dead obvious and again very much common and public knowledge.

6/10 eBook.

A update, Not a review change. However i did receive a DM from the owner of the eBook asking if I'd like a refund. I declined. He seemed very sincere and genuine.

i think this is a good reflection on the person you are buying from. He followed up with me i did not contact him. +3 Rep followed. Great seller.

Added you on Discord. Hmu

SocialKeeda - July 3, 2022, 1:18 pm

So, how can we earn from this method? I'm quite new to discord and never understood how to use it.

Camf ? - July 18, 2022, 4:05 pm

Just bought this. Here's my review. :)

1. I am new to discord, so I was curious from the perspective of someone who's been on the platform - the best insight. I feel I got that.

2. Put together very well. Had minimal filler discussion, and overall got right to the point.

3. The advertising resources are helpful.

4. I've got the insight I need to, hire the correct people and grow my discord

No need for an investment, but I'll be spending money to scale the process.

10/10

Don't hesitate to drop a quick \$5 on it :)

Hey mate, sorry to hear that it didn't live up to your expectations. The guide is solely for beginners and it's bundles a ton of information in one place for convenience. For some people this is worth it, but for you apperently not. I can understand that and I have contacted you via convo :)

Again, I will work on my products to improve them so any constructive feedback is appreciated. Will discuss this privately with you.

EDIT: Been trying to contact user for over a month now, user seems not interested in help and/or refund. Weird situation.

Laughing Man - December 7, 2022, 4:26 pm

Can I hire you to do this directly for me?

Stanley - January 19, 2023, 2:25 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Unfortunately not, I am just selling the guide. Maybe later on this is something I might expand into.
