Thread: [Do you shit with the door open or closed](#)

HEISENPUG - February 22, 2022, 10:04 am

I usually prefer to shit with the door open as i get cluster phobic when its shut and gives me anxiety. How do you shit?

Beyondr - February 22, 2022, 10:06 am

I live in my own apartment so I don't really have a problem with my door being open. If I have girls or friends over I usually close the door.

Vibe - February 22, 2022, 10:07 am

I close it normally unless it's a real stinker

r3byte - February 22, 2022, 10:34 am

Open... almost always, even in others humbles abode.. let them smell the goodness

bevc - February 22, 2022, 10:59 am

Obviously I close the door, where were you people brought up? You don't want somebody to catch you on the plop.

Luffy_- - February 22, 2022, 11:03 am

I think it was made for a reason no?

Orb - February 22, 2022, 11:23 am

I always close it even when nobody is around. I don't feel comfortable taking a shit with the door open for some reason.

Juoku - February 22, 2022, 11:26 am

It depends, if I'm home alone I'll have the door open but if anyone else is also home I'll close the door.

I was like this for a whileeee... then one day I though f*ck it

let it vent

Wage - February 22, 2022, 12:58 pm

Close the door, it's personal preference.

FinanceMan901 - February 22, 2022, 2:30 pm

My biggest pet peeve growing up was when my siblings wouldn't lock their door and I would walk in on them shitting or something.....note that despite living alone now I even lock my door purely out of

muscle memory...and imagine how defenseless you'd be if someone broke in and you're on the toilet...

630 - February 22, 2022, 2:40 pm

I live alone and still close the door to take a shit. If I pee then I pee from the side with my back towards the door. My place has too many windows to shit door open.

No Bra - February 22, 2022, 2:42 pm

i always close door even i live alone

Mix - February 22, 2022, 2:48 pm

If I am at my own place I will not care as I live alone, but anywhere else I will close and lock that shit if possible.

JTheRipper - February 22, 2022, 2:50 pm

I'm the opposite of claustrophobia, being in small spaces is comfortable and fitting for me, so I always bring a orwell book and have a nice big shit with the door closed.

GiraffeBear - February 22, 2022, 4:06 pm

I shit with the door closed... why let the smell get all over the place?

Omniscient - February 22, 2022, 4:31 pm

I shit with my asshole. I don't care about a door.

Together, together, together

Th3SiNz - February 23, 2022, 4:33 pm

Depends on what house I'm at & location & how cold/nice it is on the other door & if or not there is something on the other side of the door that will be bothering me

Yanix - February 23, 2022, 9:16 pm

Close the door all the time with or without anyone around the house.

Eran - February 24, 2022, 7:46 am

viperss99 - February 27, 2022, 2:30 am

agent - February 28, 2022, 1:54 am

QuestionAsker95 - March 1, 2022, 3:25 am

certainly people who shit or pee with their doors open need help

it does not matter if there are people or not because this is how you make habits, so one day you

will have guests and they will have the unluck to see you shitting

Kaloe - March 1, 2022, 4:57 am

Closed. Nobody wants to smell that shit... literally.

Well.. you could always close it went visitors are round and leave it open when they are not?

Nothing more free than open dumping
