If you are like me and love rock & roll, you will not want to miss this performance.

I mean, fuck Poison, but other than that, that'd be a dope show. I wonder if Def Leppard still has the one armed drummer. Immediately goes to google to find Rick Allen

Not a fan of Poison but the rest of the lineup looks solid. I missed out on seeing Motley Crue a few years ago and so would love to see them on this tour this year. Thanks for sharing!
