Need some basic cyphers created in Python, willing to pay of course. PM me your discord if you can do this.

(Not looking to spend a lot so don't bother me if you're gonna quote a crazy figure).

I can do this for you. \$100 an hour billed in 15 minute Increments.

Sure you can find someone a lot cheaper, but I'm a thousand times better than them.

LOL. Not going to lie, pretty novice developers on this forum, but thousands of times better is a pretty hefty statement.

OP please post more about what you hope to accomplish.
