We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

"obviously" you are wrong.

If you do have a contract, go into the contract, and dispute it. Either way, you haven't read the [\[url=https://hackforums.net/misc.php?action=help\]Help Docs\[/url\]](#) if you needed to make this thread Basically this, very well put and organized to make sure even OP can understand.

You sent 10k bytes to a member 6 months ago. No HF Contract either.
