I do not have a BIN. I am open to offers at the moment, crypto only.

amazing, even though i currently don't have the funds to purchase the whole project from you but this is a amazing opportunity for someone.

Good luck with it brother

Blockonome - March 10, 2022, 1:55 pm

I am interested, not in the crew, but the project. Is it possible to buy it separate? Also, I see this is total revenue, is that for the 1 year period since you made the thread on HF? Or how long is this timespan?

Those are sales from December to February. I suppose I could split it up, make an offer.

Supreme Kai - March 15, 2022, 6:07 am

Bidding \$250, thank you! Good luck to any participant.

Question: Will the program remain FUD and be maintained after It's sold?

Scrubspoof - March 22, 2022, 9:34 am

I might as well be clear: I paid \$400 for the crew and I'm not looking for less.

Looking for a four digit number for the entire project.

Why would I maintain a source I am trying to sell? Are you going to hire me to do that for you?

You buy it as is.

Supreme Kai - March 23, 2022, 3:30 am

I'll try a bid for 350\$ anyways.

wyvn - March 23, 2022, 3:39 am

glws, though a note for the future buyer, i purchased this software and it was very buggy

hari2001 - April 8, 2022, 7:39 pm
