Thread: [ALPHA SPOTIFY - UNLIMITED \\$25 AMAZON GIFT CARDS WITH SPOTIFY](#)

AlphaHF - March 9, 2022, 6:09 pm

Hey beautiful

How are you?

Nice

Anyways there's this research company giving out \$25 Amazon Gift cards to people willing to share their Spotify account info (5 mins) + take a personality test (20 mins) so that it can help them market better or something.

It was an ad on Facebook I saw and decided to give it a shot, and two days later...

After discovering that it's repeatable

Interested now? Cool

Make sure you meet these requirements so you don't waste your time

YOU HAVE TO BE 18+ AND FROM THE USA

IF YOU'RE OUTSIDE USA YOU NEED TO CHANGE IP AND BYPASS THEIR VPN DETECTION SYSTEM

Have a Gmail account (that's where they send gift card)

Spotify account (at least 1 year active)

—

1) If you're outside USA, make sure you're on a USA IP before clicking link. Anyways, click the link, login with Gmail, and follow their instructions to link your Spotify account

2) After linking your Spotify, you will be taken to fashion preference survey. Don't rush. Take your time. They do review before rewarding. It should 20-25 mins of your time. Well worth the money.

3) After survey completion you should receive a gift card within 24-48 hours (most got it within 24)

I don't know how long this will last so if they stop the research thing then I'll take this post down

This is repeatable as long as you have an alt Gmail account + at least 1 year active alt Spotify account + new IP
