He doesn't even know him, could be a fed and have that donk microchipped for all he knows... maybe I'm too skeptical of people but Kodak out of all people is very familiar with jail, I'm surprised he didn't seem to think of that case scenario. Obviously it's not the case tho, I'm just saying.

Bruh, you know Kodak stay high as a mf, even though he's smart, I don't think he's crazy enough to think it's microchipped right off the bat, ya loony bro lmfao

I feel the same way, not sure why he felt the need to bring up that he was shot 10+ times within 3 minutes, was funny when he tried to tell Kodak the gift was a prank n Kodak seemed a tad fed up by that point imo hhaa
