Thread: [Looking to buy sim cards](#)

Jarvn - March 13, 2022, 5:30 am

Hi, looking to buy physical 2G sim cards to use in a GSM modem pool.

Preferably England, Portugal, France, Brazil, Germany and Malaysia sim cards.

Does anyone know any online stores or suppliers where I can get those sim cards?

Best of luck is to look on local forums / facebook groups and pay a guy to actually buy them for you.
if you need help, send a PM.

You can get prepaid sim cards from Finland, they are super easy to get, all come with some cash on them and they work abroad too. They are mostly valid for 6-12mo from the time that you activate them. If I remember correctly they cost something like 4-8€ each. Feel free to hit me up if you wanna know more :3

Jarvn - April 5, 2022, 10:55 pm

Still looking for em, need them to just be able to receive sms for the cheapest price available

Stay_frosty - November 3, 2022, 2:44 am

Can provide Italians Phisical Sims if you need, let me know if you are interested

If you only need for sms why dont use a service ad hoc?
