Thread: [Dopest Diss Track on HF](#)

Sly Cooper - March 14, 2022, 1:47 pm

I don't really like [Blockonome](#) , but I like making music. I got bored and combined the two. It could be a lot better but I didn't want to go too hard.

Written, performed, produced (beats, singing, rapping, etc.), and animated (just a simple one) by yours truly. The only thing I didn't make was the background snowfall thingy.

Dude was gravedigging my old posts just to try to bother me. So, when I found some free time I had some fun with this. I hope y'all enjoy.

Blockonome - March 14, 2022, 3:54 pm

Just the fact that you spent time on this and also paid for a sticky, just shows how much my words got to you. Thanks for wasting your time. xD

PS. Double beat on one track is too cringe mate, nice flow though. ;)

I figured you'd say something like that.

"Doing shit for fun I guess that's something that you're new to."

Absolutely predictable my dude.

But thanks for the compliment on my flow.

PS. Twelve dollars is pocket change lol.

Since his podcast did not work, then he had to take his anger and frustrations out on someone, who can really blame him?

We must allow the children to express themselves. :)

PS: Imagine how much he has thought about me, it is kind of cute.

Dyne asked about the podcast, so obviously, that is what I am answering? I think you are running on a bit of a high, it's okay my child.

Yeah and you responded by talking about how I "failed" lol.

Because you're predictable and recycle the same shit.

And enlighten me, what am I missing homie?

Joe - March 14, 2022, 7:27 pm

Stickying threads calling out other members for silly beefs is the new thing on HF, and I love it.

It might be predictable, however, it is also a fact. I would be lying if I said it was a success. So kind of obvious....

You kind of recycled a lot Of content in the rap too, could have been more original to be honest.

Can't just post something and declare a win, let the people speak.

If it's fire then that'd be dope, but I don't have high hopes. I guess we'll see. Kinda kills the whole "think about how much he's been thinking about me" comment tho.

Who said I'm going to make a diss track back? I'm just saying you can't post something and then just declare a win. Let the people speak.

Also, it kind of doesn't really kill it, as I just saw this today, so I can choose to respond or not. Lol. ?

Was just giving some advice because you look silly saying everything I said you would in my track. And yeah, you said on this thread that I must've been thinking about you a lot because I made a track and now you're implying that you're gonna make one, which implies that you will be thinking a lot about me. I shouldn't have to spell it out for you.

Again, I can choose to respond or not. Implication or not, I choose whether or not I will spend my time on it. If I would spend my time on it, I would make sure to at least be a bit more original. If I would not spend my time on, perhaps, what I am doing, is working right now. But I do not blame your caveman brain for not understanding. ;)

Lol original? It's a meme diss track. And I wrote, rapped, produced, mastered, and animated it so I'm not sure how much more original I could be ? Maybe next time I'll make a diss track with no disses! Just chill my dude. You talked shit to my boy and so I had to embarrass you a little bit. It's not a big deal. It isn't the end of the world. You look salty rn. Smoke a blunt and enjoy your day.

Dude, you really need to get down from your high. I am in no way embarrassed, in fact, I am quite honoured how much my words have gotten to your brain. Plus, this is free advertising for my profile, which is great. It is definitely not the end of the world. Sitting with a blunt and smiling over the fact, I know Sly Cooper was sitting down in his basement and dedicated his time for me. xD

Good deal then. The whole point of this was to make people happy. I'm a musician, so if it wasn't you it was gonna be something else. But you're a lot of fun to rip on.
