Thread: [\(\\$70!\) EarlyBirds Crypto Method + Telegram Channel | Extra Crypto Income!](#)

wyvn - March 15, 2022, 1:02 pm

Hello everyone!

No fancy thread design here, as i don't need one..

This is my personal money making method which I use daily to make me an extra few bucks (sometimes way more) every day

Price: \$70

BTC, BNB, ETH, LTC

Gonna get straight down to business with an FAQ here to answer some questions i feel will arise:

Q1 - Is any investment needed?

A1 - Yes, I recommend an investment of \$100-200, however you can start with \$20

Q2 - What does the method involve?

A2 - Without leaking the method myself, it involves crypto trading, but we wont be trading blindly, you will be taught a strategy and with time you will get better and better at it!

Q3 - Is this legal?

A3 - 100% legal and whitehat, no immoral actions are required

Q4 - Does this work worldwide?

A4 - Yes, as long as you can purchase crypto and have a Metamask/Trust Wallet

Q5 - What will i need to start?

A5 - A computer/laptop (you can do it on phone but i wouldn't recommend this as the method requires your attention), a Metamask or Trust Wallet, and an internet connection

After purchase, you will receive the eBook, to teach you the method, along with the private Telegram channel where you will be making that dough

This is a unique method with a unique bot to guide you, i wouldn't miss out!

You can also contact me on Discord if you need any help at all or assistance setting up, I will be more than happy to help you!

Payment Proofs:

\$400+ over the past week!

i am willing to offer a few vouch copies to reputable members who can review the method and try it out if they want to, if you feel like you fit the criteria, DM ME onsite or reply to the thread!

If you would like to purchase, contact me on

I'm interested in vouch copy, as I'm already a trader for a long time and can provide a detailed feedback.

I'd be also interested in this, if you feel offering me a vouch copy and if the method works I'd gladly review it and return you the price of the method itself. Have a good day.

Hello,

Do i need to have specific knowledge of trading to earn with this method? How much I could expect in daily earnings with 200\$ deposit?

Thanks

Hi there

You dont need any specific knowledge, i will happily teach you everything start to finish, and the eBook will do the same, it explains everything for you.

You can expect roughly \$25-50 daily with a \$200 starting capital, and this will increase as your capital increases. Though this depends on your choice of risk and the amount of calls made in the Telegram channel on a day, today we've had 9 calls today so far, with 7 of them being winners! Small and big! :)

I have received my vouch copy and here is my review:

First of all, you will of course need to put money to start with as stated in the #1, more money you put higher your profit/risk can be. Also make sure like any other methods, this is also not a guaranteed profit as it requires your attention and experience a bit. And I have to say that; although it may not be known by majority, this is not a new nor unique method. I know that people were doing this already. There is a signal bot coming together with the method which is a must, it's a good one but not the fastest again I have to express. But the ebook itself teaches you everything you need to start, even if you don't know anything about it. What you will be paying will be the seller's experience with the method and tips&tricks and of course to signal bot access.
