I wish you luck in your search.

HAHAHA CMON DUDE spend your time on something awesome, not forming a group of porn junkies.

If anything spend time away from that stuff. It's only going to hurt you in the long run. Our brains aren't supposed to be filled with the most XXX content that's out there. It ruins sex drive and motivation.

What is abtoo? I will not google it.

I used to watch hoodsite a lot, but then it became extremely ad based and monetized. I was also watching usacrime before it go a lot of traffic, and now they request membership payment.

**hotwheels52** - March 19, 2022, 11:56 am

OP sounds like the type of guy you want to party with.

**blackrose\_x0x0** - March 19, 2022, 12:02 pm

Bro those two statements are too randomly different yet close together, for a second I thought your family are in jail playing scrabble ?

Im guessing you were in jail?

**I--I** - March 19, 2022, 7:37 pm

I run a fairly large NSFW community. However I'm pretty sure NSFW/Porn isn't allowed to be advertised on HF so I don't talk about it here.

When you call it a creep community it sounds like something no one wants to be in. Voyeur or something even worse? Yikes
