Looks pretty sick and full of life, always wanted a Harry Potter game like this.

Thoughts?

Thanks for sharing. I did not know about this game until now.

I love open world RPG's and the gameplay trailer looks really nice.

I've been watching the progress of this game for a bit. I'm very excited for it.

I noticed the character you play use the killing spell. There's been talks about the player being able good or bad so I'm still interested to see how they implement that.

Looked at it last night. Game looks fucking awesome. The HP game we always needed.

I'm extremely excited that they state that there will not be any micro-transactions, and the game seems solid. Can't wait to see the first few minutes of gameplay.

This looks awesome!

Would have loved it when I was a bit younger lol, but will still end up playing it regardless.

CageH - March 23, 2022, 6:22 am

the last harry potter game I played was LEGO harry potter.

But this game seems like a cool thing.

Might try it out, even tho I haven't seen any movie lol.

Holy f*** this game might be the best open-world RPG we've had in a long time.

BlissEsso - March 23, 2022, 4:51 pm

This almost has me as excited as I am for the release of the Lego star wars: The Skywalker Saga release

Looks good too bad they wont add co-op

I--I - March 24, 2022, 11:52 pm

I can't wait to play this. I don't usually buy games when they first release because of price and there's just so much content out already.

This is one game I will be buying on release. I can't wait.

MarvinMalware - March 25, 2022, 12:19 am

Honestly looks much better than I anticipated, my inner child is in need of this 100%.

Yeah def a pre-order for me as well, no way I'm missing out on this one lol

I'm not a fan of this series, but this trailer looks really crazy?

If it looks like this to the end, I am tempted to play.
