I--I - March 21, 2022, 8:06 pm

I doubt there's really anyone I can call on like that. I'd probably just try on my own and if that didn't work I guess I'd quietly leave.

I don't really plan on doing anything to get banned from HF though so, this isn't really a worry for me.

[Omniscient](#) would probably come my defense after [kawaii](#) bans me for insulting his trash anime taste.

But fr bans are bans and if it's a perm ban handed out directly by Omni there isn't much to say, he makes these decisions for a reason and I'm not going to question the man. Sure I might have my own opinion about a situation but this isn't a democracy, it's Omnis livelihood and he should be able to make whatever decision he wants.

Oh I will add that it would be different if the situation is one that involves clearing up situations.
