What's a good site to sell gift cards? Let's say you want to flip them. Gameflip you can sell at great rates but it has crazy commission fees.

When you say flip, do you mean buy them cheap and sell them higher through some site? I would be wary of that because you could get scammed. Also, alot of sites that buy gift cards have waiting period to check if your card is valid, that can take up to 2 weeks in some cases.
