I keep seeing Ukraine everywhere, did something happen?

hotwheels52 - March 25, 2022, 4:31 pm

You have to be more particular, as there are lots of things happening in Ukraine right now.

I'm not sure what it is? I just keep on seeing Ukrainian flags all over and people saying, "I support Ukraine!" Without saying why?

At this point I can't tell if you're trolling, but if not, a quick Google search will suffice.

Google says something about a war, but I'm not sure?

Russian invasion of Ukraine started on the 24 February.

Why did Russia invade Ukraine on that specific date? Is it an invasion or a war? I'm so confused.

Invasion, not war... yet.

I don't really trust them.

Yea some serious news just happened in Ukraine.

They had one person in Ukraine put down a piece of bread, and on the other side of the world in

New Zealand another person put down a piece to make a earth sandwich. This is groundbreaking stuff.

[mention=5037217] and I are bestfriends.

Either a troll or living under a rock. Kinda dumb thread overall.

I'm not a troll, and you're very discriminatory to people living under rocks, as many Ukrainians now do. Tarnishing my thread's reputation seems like a Putin technique.

Thank you all for enlightening me about the pointless "war" caused by Zelensky. I can now close this thread.
