As long as you're not a scammer and stay away from scammers, you can absolutely have a good experience here.

HF was my main income source when I was around 17-18. Great place with a lot of good knowledge and some really kind hearted people.

Met some members who've changed my actual life irl in so many ways.

I am sure that you are not the only one who has it.
It's good that you find something for yourself here.
There is a lot of useful information everywhere?
