Thread: [Selling Cheap Legit Money Making Methods](#)

RektByM3M3s - March 30, 2022, 8:10 am

Hi everyone, like you who is reading this thread, I have been scouring the threads to find actual legitimate ways of making profits on the internet. Through my time i've come across a few, as well as even paid for a few... to this day even I have started on this forums a little ago and even asked around for access to more, and I would like to start here by saying I will give you the top methods I have found through paying or even just searching on threads for 30 bucks in either paypal or in bitcoin. I am happy to do business with you here, Or you can contact me on discord... whichever way you prefer. If you do business with me, I ask that you also post here an honest review.

Jess95#7447 is my discord tag.

30\$ for being given the current methods

50\$ for being kept up to date with the methods i approve and deem are legitimate along the way.

All of my methods are tested, and are more than welcome to be tested to prove my authenticity amongst those with high tier reputation in the community.

T.O.S:

-No Refunds

-Do not send it to anybody else

-I am not responsible for any losses/gains using these methods.

Not here so sale trash or anything, but if your method really works as claimed you shouldn't be selling it out for 50\$ or 30\$..you can just earn millions with it and help other people with your money then you are doing a good job for your community and country.
