(Mar 31, 2022 06:42 AM)EUR Wrote: [\[CITE\]](#) I got a vouch copy from OP, here is my honest review:

This method should work worldwide, with a few of the optional steps included being banned in a couple of countries, nothing that can't be worked around with a VPN. The method should most definitely be sufficient to have as your main income source.

Takes some time and effort to setup, once it's setup it should only take a few hours per week to make good money.

The method seems like it won't ever get too saturated, and it shows you how to start making real money with a minimal investment (under \$50.)

This method is not 'set up and make 10k overnight', you will have to put in the work, and even though it's not explicitly mentioned in the method, this could become (semi) autopilot.

The method is not a step by step guide on how to make a fixed amount of money, but rather teaches you a business format with both theoretical and practical advice. The ebook itself will cover

most questions you get, although you will have to do some thinking yourself in order to make money with this.

When I wanted a bit more in depth information on a specific topic within the method, OP helped me out really well! He clearly is a professional at this, knows what he's doing and I don't doubt this method can earn you A LOT of money, if you're willing to put in the work.

TL/DR: Very promising method, can earn more than a full time job with a few hours per week work, not a step by step guide, will need to put in work.

Hi Cipheir,

The method is white hat, FULL LEGAL method. The approximate income will vary. First, you need to setup the method and then you can generate income from \$5 to \$30k (or more) per month. The important part is to setup fully the method. Then you can start earning almost passively. This method won't make you rich fast but it can make you rich in time!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
