Don Cezar - April 2, 2022, 6:16 pm

We're an agency managing a couple of Onlyfans / Fansly models. One of our marketing methods involves [BRAND NAME REMOVED] traffic to snapchat adds to subscriptions.

We're looking for chatters with or without prior experience to drive people from snapchat to the platforms and make them subscribe.

Training is provided, requirements:

Good english skills (typing, no speaking)

Mobile phone & computer (snapchat will run on your phone but you will be controlling it through your computer)

A couple of hours daily, between 4PM to 4AM New York Time

Reliable internet connection

Not afraid of talking dirty or seeing male genitalia

Winnings will depend on the amount of work you put in, as it's commission-based, you will receive a percentage of all the subscriptions that you generate.

By our current metrics, you can earn up to \$50/hr on rushtime. ALL LEGAL
