I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Tried to add an 22\$ credit in my account. After paying with Litecoin it didn't showed up. Also the user is not responding on the support through Discord. So please be aware! Will update this thread once the situation has been resolved.

Does not work. The the support on the site & discord does not reply to anything. The site is broken/scam.
