Pink LSZ Lottery

Welcome to Pink LSZ's lottery! We are hosting a huge lottery that everyone can join. We're starting off the lottery with an ante of 100,000 bytes (90,000 after the house cut). Tickets only cost 1 byte, and you can buy up to 100k tickets. We aren't keeping a cut for ourselves. The winner gets 100% of the pot.

The lottery ends on April 17, 2022. You've got plenty of time to gather up some bytes and grab a few tickets. Good luck to everyone!

Join the lottery [here](#).

Even the guys who don't have many bytes, you might as well drop them in this lottery. Where are you going to find better odds than this?

Currently [Dripstur](#) has the most tickets, at 25,000. At this point, 108,045 tickets have been purchased, which means that [Dripstur](#) would have about a 23.14% chance of winning if the lottery were to end right now. Almost a 1 in 4 chance of winning 187,000 bytes from a 25,000 byte investment.

You won't find odds like this in Vegas.

Laughing Man - April 10, 2022, 2:48 pm
