Thread: [\[Free\] \[Release\] Proxy checker](#)

DSociety - April 4, 2022, 5:30 am

Today we are releasing our Proxy toolkit...

Usage:

ProxyCheck.exe --timeout [seconds] --scrape [http,https,socks4,socks5] --check

Download:

In the video description or attached to this thread

Note: It is highly recommended to use your own proxy sources, you can do so by adding your proxy url in sources folder after first run of the script.

As you can see PyInstaller is "dropping" its dependencies, feel free to decompile it.

pro_fesnoob - April 7, 2022, 2:32 am

how are proxy lists usually created? By known sources or through scanning random ips with most used ports?

Btw nice project.

Papa2033 - April 7, 2022, 2:56 am

Gracias brooooooooooooooooo muso amorpara voz

Btw nice project.

In this tool, only via sources. But these sites definitely scan the internet, it is more resource intensive though, most likely only few users would be able to utilize it.

You are welcome

Pasi943 - April 27, 2022, 2:10 pm

Thank you for the Proxy Checker
Works fine!

reetkop - May 3, 2022, 3:27 am

thank you for sharing this

Ivel5 - May 5, 2022, 9:28 pm

will try thanks you. if i don't post my pc probably Death

Krazalm - May 30, 2022, 5:57 am

Pretty cool thanks nicenice

ar1st0kr2t - May 30, 2022, 7:17 pm

thanks bro! very good software! nice work!

obsoletetoaster - June 19, 2022, 3:30 am

Thank you nice contribution.

Anarcee - March 9, 2023, 9:37 pm

+1 thank you very much for the release. Will update soon in the post...

canb0 - March 28, 2023, 11:07 am

hahaha thanks for sharing bro

how can gain bytes bro? thank you

DSociety - March 29, 2023, 9:43 pm

how can gain bytes bro? thank you

No problem.

You can earn bytes by actively engaging in conversations and creating high quality threads.
