Agreed, daily consumption of water is critical. I carry around a half gallon water bottle everywhere I go. I don't always drink the whole thing though.

For the price, Elijah Craig is the best bourbon around in my opinion. I recommend it to everyone.

Water is life indeed; literally. Everyone has their vices and anything is okay in moderation. ?

The old fashioned is a cocktail made by muddling sugar with bitters and water, adding whiskey, and garnishing with orange twist or zest and a cocktail cherry. It is traditionally served in an old fashioned glass, which predated the cocktail
