Thread: [\[NEW\] No Virus thanks Scanner \[Source Code\]](#)

Veidara - August 18, 2010, 11:35 am

Okay, the old NVT scanner is not working anymore.

Thats because No Virus Thanks Scanner has changed Domain.

Now its: <http://scanner2.novirusthanks.org/>

Instead of: <http://scanner.novirusthanks.org/>

I have edited the GUI and removed some unused stuff.

Official tool is a setup file.
