Thread: [Buy Anything from internet with crypto anonymously](#)

Rootfinder - April 7, 2022, 12:25 pm

Hello Guys

Today I want to introduce you my Project

CryptoRila: It's the place that everyone can buy anything from internet with crypto and anonymously (Without Payment Gateway / Providing Data)

The project still new so i hope you suggest some ideas to develop it

We are Hiring a Team (Programmers, Customer Support and designer)

contact: contact@cryptorila.com

Best Regards :D

And how can we trust that you give us what we paid for? This smells like a scam.

It's Easy you just try our service with cheap order and see if we are really professional or scammers :)

we are trying to share the idea the maximum possible and have clients who trust us .

Honestly not that anyone would fall for this bad scam, but it's still funny what lazy people would do just to make some money
