Thank you. Does anyone know if you lose an egg if no one buys a ticket? No one bought a ticket in my last lottery because I accidently put 99999 bytes when that was meant to be maximum number of tickets. ? I'm not sure if I had two eggs or three at that point so I don't know if I lost it.

Anyway only ONE DAY on this guys so buy up!

If no one buys any tickets, you get the egg back in the end.

Thanks! I thought we did! But I thought I had actually three counting that one but seems I have two.
