Thread: [Looking for Writers for a Relationship / Romance / Sex / Smut blog](#)

Fudster - April 16, 2022, 3:37 pm

As the title says, I'm looking for writers who can write good content for a blog I'm launching.

Authors will get 30% of the ad revenue on the article for life, this is just minimum.

I run a website, it's a chat room in the same niche that gets over 80,000 visits a month. So between that Brand, Google, Twitter, the unique name, and good content the blog should perform pretty well in the long run.

Here's a screenshot of my Google analytics for the chat room:

Here's the cloudflare analytics:

Here's the cloudflare analytics for the blog that isn't even open yet:

Still looking for people. The site has real potential. Not even open already has 1.59k unique visitors in the last 30 days. The domain is real original If you ask me.

This sounds interesting, please could you PM me some details? I might well be a waste of your time (sorry), but I'm intrigued. Thanks.

Still looking for writers! I have the traffic, just need content.

I'm interested in writing but I do not understand how will the ad revenue be shared. Even at 60% share in Google ads earnings based on a single page would hardly make any money for the writers.

It's definitely a long term project with passive income potential.

My chat site one of the ad zones gets over 5,000 impressions a day and the ad sells for \$71 a month.

And I believe with time and quality content that the blog could be just as big.

Contact me with more information, I'd not a seasoned writer by any means but I'd be willing to send in a sample.
