You sold 3 month spots in your group and you are selling it like a month after the selling thread? Smh.

They obviously get a refund if it sells meaning they had free access? Smh.

And if it doesn't sell which it most likely won't then nothing changes as my buddy has the same plans with the group that i had.

The reason that i'm selling is because i don't give a crap about it and figured to give it a shot before i give it away for free.

Nothing you said proved anything at all you are just mad that i called you out for scamming people on epvp for over \$80,000+ with your Dominator trash promising to deliver hardware but never

delivering anything and just blocking people after they paid you \$2,000+ each person, over 40 people who haven't received any hardware, over 150 people left in the cold after a month or two, some 3 months of usage, even after i got you and your friend banned there with the help of Gamerdock (hired by Riot) Luke (owner of epvp) and Quz (staff of epvp), trying to stop your scamming spree, you guys continued, now you come here with nonsense accusations based on one of my previous partners acting as if those are my other "confirmed" (whatever that means) accounts, making a list with some more random accounts below that, to try and get rid of me here to get me back, not a convincing try, expected and obvious as well.

Also, you didn't accuse me of multi accounting until i made this sales thread btw, don't make it look like as if it is the other way around and my response to your first message wasn't weird from me either considering i know exactly who you are and what you have done.

It is also no secret that i was the owner of Skyrant at one point - I bought the project from the original owner - And i have re-sold the project after that as well as is public information - the numbers that you scammed off people, i made them legit after we got rid of you and your buddy on epvp, i moved on from that industry by now though but Skyrant is still running hard under new owners management.

It is also stupid that you link OneUp, a reseller of Skyrant as my secondary epvp account, why would i resell my own cheat that doesn't even make sense and proves how blatantly you are just linking accounts with no actual knowledge or reasoning besides trying to get me back in some way.

You are either honestly mixed up which i highly doubt, or you are just trying to get me back for me fucking up your "business" on epvp, which i'm pretty sure is the case.

You forgot to edit those titles and content:

Close the thread and take private offers if this thread will just fill with drama.

I guess you are right as i can see how this will continue moving forward. ?

Offers can be done in private.

Edit: Current highest offer \$2,500 excl. transfer fees. - Declined.

Bullup - May 4, 2022, 4:43 pm

The asking price of 4k has been offered under condition that his partner accepts.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I suggest doing this again, especially after you claimed you had an offer for 4k

Sky made the offer of 4k under the condition his partner would accept, which i said as well in the same sentence where i said i got the offer of 4k, his partner didn't accept.

This is last sales attempt before i'll give it away after i recouped some funds through buy ins.

Don't start drama, move along.

But I thought you said people who buy in will get reimbursed. Doesn't that take money back out ?

If i sell, the 3 people who still have an active sub, will get reimbursed, if i don't sell and continue buy ins, i'll recoup funds through further buy ins and of course give terms through contract when giving the group away, terms beneficial for people who bought in.
