Just purchased this from Radiant and it was a very fast delivery, literally within minutes of paying I got my product. Very impressed with how fast this overall process is. If you join his discord you can see he has many vouches and looks like a pretty active server with lots of happy costumers.

Couldn't be happier with this purchase and if anyone is interested in this I'd say definitely go for it. Thanks a lot Radiant!

By lifetime do you mean 1 year license which you renew for us every year? Or is it an actual lifetime license?

Just paid for an Adobe subscription, waiting for the account on my opened ticket, will update when done.

EDIT: Got my account but is on a Free plan... I'm waiting on this to get resolved, every step of the process has been pretty slow, just a heads up for those who want to buy from him.
