Thread: [\[FREE\] Newbie's Guide to Adult CPA Setup +++ FREE Landing Page](#)

Stepdad - April 20, 2022, 9:53 am

Hey guys!

I wanted to throw together a small guide for the newbies to CPA. This will cover where to sign up for mobile CPA marketing, where to find reliable webhosting, and of course, give you access to the landing page that I used to earn over \$120/day. I won't be offering support for this guide, as the instructions are pretty straightforward and it's more of an informative ebook.

I plan to be offering a traffic generation method for adult CPA in the coming weeks, so keep an eye out for that.

Comzey - April 20, 2022, 11:55 am

Bytes ran low could you please send this to me by PM would be much appreciated bro

Make some posts in the lounge and work up a few more bytes! Had to put up a small non-monetary gate up to prevent leeching.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small byte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I wanted to throw together a small guide for the newbies to CPA. This will cover where to sign up for mobile CPA marketing, where to find reliable webhosting, and of course, give you access to the landing page that I used to earn over \$120/day. I won't be offering support for this guide, as the instructions are pretty straightforward and it's more of an informative ebook.

I plan to be offering a traffic generation method for adult CPA in the coming weeks, so keep an eye out for that.

I don't have all that amount of bytes so can you please sent me the file? Thank you so much

Sounds like an interesting method... If only I had enough bytes

I will definitely check this out.
