Just a FYI there are discord servers that let you get a text version of answers every hour or so for free.

Used to use one back in my college days.

Thank you :)Google for discord Che-g-g. You'll find lists of a bunch of servers left and right.

...I don't have it anymore...it was a random discord from years ago.

Anyone who needs Che-g-g unblock, let me know. I just bought myself an account since I couldn't find anyone on here trying to help in time so send me your link I will give your answer for free. Don't want anyone paying \$22 for just one question, not worth it.
