Prawnster - April 25, 2022, 5:22 am

What rules (if any) do you have for content you allow? Like would I be able to do a spoofed sender ID blast to 10k UK numbers without you banning me? What limitations do you have?

shootie1874 - April 25, 2022, 3:13 pm

i'm interested in your service how much to send 5k sms

Vertinoxx - April 29, 2022, 7:14 am

Sorry for the late response time. Personal stuff.

UPDATE: Ive hired a full time support employee.

Prices, plans and payment options, along with rules will be updated shortly. Until then, obviously its not allowed to abuse and to use it for illegal activities.

We are integrating a new custom payment gateway to make credits available faster after purchase. Also, the service is accessible under the domain <https://panel.ssms.ninja> and <https://panel.spoofsms.city>

The owner of cSpoof has joined our support team! Broken Sol will help us support customers regarding subscriptions and general issue solving, mainly targeting non-company customers as cSpoof doesn't offer private usage, while we do. Welcome to the team, @BrokenSol !

RESELLER now available - get in touch for genuine interest of becoming a partner of us.

Where can I contact you? Could you reply? by private? do you have any tests?

I respond as fast as I can on here, but telegram is used for the most part. I don't know the rules around publishing telegram channels on here, so feel free to send a PM.

MrSpyrO - May 12, 2022, 3:52 pm

I sent you a client, and apparently he doesn't get a response from you, could you help?

I've responded to the request. Again, sorry for the delay. We have been working on a payment gateway that runs smoother without third party. This is now up and running (BTC only).

Also, access subscription is now FREE and gives every new customer 1 free credit to test the service before you have to buy credits :) Welcome to SSMS.Ninja & SpoofSMS.City :)

Vertinoxx - May 21, 2022, 8:13 am

Due to abuse from burner accounts registered on-site, we will have to remove the free trial in the near future. Instead, we will offer a trial with 5 credits to users who contact us with a PM as well as initiate a contract on HF.

First time credit purchases will also give an extra 5 free tokens if you take contact, and provide your profile info to give the bonus to.

Have a great weekend.

Best regards SYSTEMKeyy, SpoofSMS Crew.

Vertinoxx - May 26, 2022, 4:51 am

We have fixed a few bugs regarding credit top-up. If you still experience malfunction please do direct contact so we can solve the issue.

Reminder for new customers directed from cSpoof: get in touch to gather great bonuses.

Reminder: if you have any sort of problem with tokens / credits not being added after 2 confirmations, please get in touch so we can load your account!

Vouchers are gone, along with the trials as some users registered 20+ accounts just to spend 1 free credit on each.

It is however possible to buy as little as for 4 euro.

Vertinoxx - June 5, 2022, 12:50 pm

New prices! Now credits start at 0.05 Euro!

To get a free test just ask through the live chat!

DeepWeb - June 11, 2022, 1:35 pm

what's the minimum deposit?

Vertinoxx - June 11, 2022, 1:39 pm

(Jun 11, 2022 01:35 PM)DeepWeb Wrote: [\[CITE\]](#) what's the minimum deposit?

As low as it is possible to send bitcoin. I believe around 3 to 4 € is the minimum for it to automatically add credits, this will give you 80 SMS Credits. If it malfunctions because of low top-up, we will add your credits manually.

Vertinoxx - June 21, 2022, 5:51 pm

Now Available:

Complete reseller setup with your own panel included and ready to use.

Vertinoxx - July 23, 2022, 2:28 pm

We had a server error that made us run up an old backup.

This has removed some existing customers with credits.

Please get in touch if you are one of the customers that this malfunction has affected.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
