Thread: [Helium Bobcat Miner 300 \[Worldwide Shipping\]](#)

DrRespect - April 29, 2022, 8:47 am

I've decided to sell my bobcat helium miner that I just got a few days ago because I don't need it. For reference it usually takes about 12-16 weeks to get one so this would be much quicker. This is the US915 version.

I can ship anywhere worldwide with a tracking number. We will also likely need to use a middleman for this.

I don't have a set price right now so let me know if you have a decent offer or any questions.

Why are you selling it here? You can easily sell this 10x faster on ebay.

I think those days have gone now

i see ads in my local classifieds site all over ..these days they are sold much below the original price

Even companies like sensecap have cut their prices by \$50 to \$100

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
