How much \$ you charge per review and is there a discount for bulk orders, and if there is, how much would cost 100 reviews and how much would be 1 review?

Russian bear - August 2, 2022, 5:25 am

we charge 5\$ per review , bulk order price 3\$ per review and could get lower price for bigger amount.

Russian bear - September 13, 2022, 12:04 am

Stanley - November 20, 2022, 11:25 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I want to incorporate a company into a google maps address so that when we type in google search engine we see its name at the address in question with the others corps in Google Business. Then I'd like to add a bunch of Google + reviews. Is this possible?
