Thread: [Someone with JET token, or someone who can get JET token](#)

beluga13 - May 4, 2022, 5:36 am

Like the tittle says. I need someone who have JET token - I need it a lot - so I think this won't be an option.

I think I need someone who can get JET token one way or another - don't care if its h*cked. I need it a lot, and I am ready to pay good money for it.

If I'm in the wrong section please point me in the right section, I also think that we might need a hacker for that job.

This is the JET token contact on bsc: 0xBc58b718B886Cf62bf7000980fCE96b2603e0950 (<https://bscscan.com/address/0xBc58b718B886Cf62bf7000980fCE96b2603e0950>)

Drop me a PM for more info or just comment bellow or refer someone who can deliver this thing. Like I told you, I have a budget for this, a lot of it.

Thanks for that! I would need at least 50.000.000 JETs, that is why this task is so hard. ?
