HOW TO ORDER FOOD RIGHT NOW:

Step 1: Check to see if I'm online by the green dot next to my profile. If I am, which is almost definitely, I will take your order immediately. NO EXCEPTIONS! <3

Step 2: [contract=tid]Start Contract[/contract]

Step 3: Wait 2-5 minutes for me to respond to your contract with instructions to get your food!

Step 4: Enjoy! You're eating cheaper than if you went out and got it yourself!

I'll take a voucher meal if it's on the table.

Hey guys. Responding to the vouch copy requests: I've already selected two people. Just waiting on a time for their order.
