Thread: [Help! My byte count is not increasing by 25 when I post in daily check-in thread!](#)

wkid - May 11, 2022, 5:28 am

Sorry. I'm noob here. if I'm posting in the wrong forum for help.

Actually, My byte count is not increasing by 25 when I post in daily check-in thread!

For example, yesterday my Byte count was 337.x and today after posting in today's daily check-in thread, it is 338.x!

I don't know what I'm doing wrong. Anyone can help?

Btw, I'm not posting anything non sense or spam postings.

Wow! Thank you! So much goes on behind the scenes!

But, Really sad to see that my easy daily byte earnings are gone now! :(

I guess this is some of the incentive you need to upgrade to L33T! :D

Trust me, if you're planning on being active here, you will be happy you upgraded.

There were users making new accounts to post in the DCI threads and then eventually send the funds to their main account and sell them.

Omni cracked down on it, punished the offenders and changed it so you must be upgraded to receive benefits from posting in the DCI threads from now on.

I suggest that you stick around and be as active as possible with a positive mindset. Someone was kind enough to upgrade me to ub3r and that can happen to you too.
