Viralboost.io - May 13, 2022, 4:24 am

Hey guys! Long time no see. But I am back!

Some of you guys might remember me from the Cryptocurrency section. I have been a member since 2010, not really involved in hacking but present in Crypto and Online marketing. Left HF a while ago and "forgot" about it until I stumbled back on HF. Decided HF is a place where I will continue to post. I noticed that i had 999 posts and want to celebrate my 1000th post with you guys!

Anyhow enough cool stories, time for the contest.

Requirements:

- Minimum 100 posts

Rules:

- Make a post explaining why you deserve the \$10. It can be a serious, funny, or random post (memes allowed).

Contest ends:

May 20th, 2022

Winner:

I will choose 1 winner from all posts above. Winner gets DM'ed

Rahul007rhp - May 13, 2022, 5:59 am

Firstly congratulations for your 1000th post mate.

I would love to get 10\$ because i got lost most of my savings in LUNA . INDIAN Exchanges as of now Delisted the token & dont know why i cant get over it. Its literally make me mad , i know we should only invest what we can afford to loose but in the end it was my hard earned money by working 10 hours a day on my Job. I now realise crypto isnt for weal hearts lol.

By winning this giveaway could atleast give me a happiness in this crucial situation. But, may the best man win.

Thanks for hosting such HQ contest mate.
Goodluck everyone
