Thread: [an omegle bot](#)

busdk - May 14, 2022, 10:51 am

hello,

I was looking for an omegle bot that'd be able to bypass capthca.
[contract=tid]Start Contract[/contract]

I can sell you my Omegle bot. It's alive and working for more than two years.

Captcha bypassing requires proxy.. If you want to run hundreds of threads, then you will also need proxies.

I can give you one day trial, so you can try it on your own.
