Thread: [iOS RAT/RCE, need help/service](#)

liamse22 - May 18, 2022, 8:40 pm

Hello, I need someone who can do an RCE exploit on an iOS device and deploy a RAT. If you can do it PM me with an offer.

Nobody is gonna mentor you on here with the result in you finding your own iOS 0day rce that costs tens of thousands of dollars either Lol

I assume you are new to all this, but that's not realistic at all and u will just get a bunch of random scammers dming you so gl
