(Feb 10, 2022 10:05 PM)DoNotDisturb Wrote: [\[CITE\]](#) No disrespect to any of the other vendors currently on here, but I have to say from past experiences this one here is the best I've come across by far! He has been more than generous, and that even extended beyond just providing an excellent service. The customer service that was provided was out of this world. I can honestly say there was times where I probably would have even told myself too bad, but this man has seen everything through for me and was dedicated to ensuring I got what I paid for. You got my vouch anytime boss!

(Mar 4, 2022 01:51 PM)noodeath Wrote: [\[CITE\]](#) I bought a load with 500 world wide bots. I basically got them instantly. Swidden is fast and easy to speak with.

I was dumb enough to forget to test my stub and of course it didnt work that time. I told swidden and he paused the loading until I was able to fix my stub.

Really great guy to purchase from 10/10

Prices are too high, what about bot kill, will I get refund or reissued if I get bot killed?

Lelouch Vi Britannia - July 30, 2022, 3:53 pm

Willing to offer a few vouch installs? I require testing of a new product so this would be perfect. Of course I will leave a review of the quality!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for

each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
